

Iwakuni Office × Asahi Town Community Association

—Cleaning Our Town, Sharing Smiles—

[CSR Report @ Iwakuni Office]

At our Iwakuni Office, we value strong connections with the local community. In line with this commitment, we partnered with the Asahi Town Community Association to carry out two environmental clean-up activities on September 17 and 19.

◀ AEC Team Ready to Tidy Up Iwakuni!

■ Asahi Daiichi District Park, Sep. 17

■ On September 17, we gathered at Asahi Daiichi District Park to spend the morning cutting grass and picking up litter. By removing weeds and tidying benches and playground equipment, we aimed to make the park a more pleasant place for everyone to enjoy.

◀ Before; Left / After; Right

■ the Sidewalks in front of AEC, Sep. 19

▲ Thanks to the cooperation of the Asahi Town Community Association

■ On September 19, six volunteers from the Community Association joined five of our employees to clean the sidewalks in front of our office. Working side by side created great opportunities for conversation and offered a valuable chance to connect with our neighbors.

Spending time together on these activities not only helped improve the local environment but also gave us the opportunity to express our gratitude directly to the community. We would like to sincerely thank the members of the Asahi Town Community Association for their support.
